👤 About Me

I am a final-year BSc student in Computer Science and Engineering at Green University of Bangladesh. With hands-on experience in leading technical projects and a passion for coding, I am seeking opportunities to contribute and grow in the field of software development ,web deevlopment and machine learning.

🎓 Education

06/2021 – present (Graduate in July,2025)	BSc in Computer Science and Engineering Green University of Bangladesh 🔗 Current CGPA 3.35 out 4	Dhaka, Bangladesh
06/2018 – 08/2020	HSC in Science Pabna Islamia Degree College Pass-GPA 4.25 out of 5	Pabna, Bangladesh

🧠 Skills

Web Development: HTML, CSS,

● ● ● ● ●

JavaScript, React

I also build many website for university lab project and my personal site using many framwork like React,Tailwind CSS,Django and Express.js with MySQL database.

Technologies & Platforms: Blender,

● ● ● ● ●

Figma, Cisco Networking, Arduino
Uno

For Designing and Network Simulating and Animating i work with many technogies.

Programming Language:

● ● ● ● ●

C,Java,Python

I have experience coding and problem solving ability with C,Java & Python.

Projects & Thesis

- 10/2024 – present **3D Animations for BdSL from Speech using CNN & Blender**
Thesis Work with Two More Teammates-Noman & Oliullah
My Role: Team Leader
- Developing a system that translates speech into 3D animations for Bangla Sign Language.
- 09/2024 – present **Handwritten Bangla Letters Classification**
Building a custom dataset of handwritten Bangla letters for classification using a CNN model.
- 08/2024 – present **Private University Application System (PUAS)**
My Role: Team Leader & Technical Expert
- A web application designed for managing private university applications.
- 05/2024 – 09/2024 **University Student Hub & Helping System**
ShHs-Academy Resource & Medical Health Care

Interests

Passion for coding and continuous learning

I have account on many problem solving or code competition site like HackerRank, LeetCode, etc. Also love to learn from W3schools like website.

Watching movies and series

From childhood I love to watch Sci-Fi & Tech based Advance Movies and Series. My Favourite is MCU.

Playing online and field games

Online Games Like Free-Fire, FIFA, MLBB, COC, etc and On Field Games like Football and Cricket is my favourite.

Languages

English

Although I don't have any official rank but can understand and talk.

Bengal

My Mother Tongue

Hindi

Only can understand and talk. No writing ability.

Courses

- 10/2024 – present **Python Programming as Digital Skills Development Program**
GUB EDGE Project Courses under EDGE Authority in Dhaka/JU
- 10/2024 – present **Professional Life Skills Development**
Green University Of Bangladesh with Wadhwani Foundation
This course will add valuable soft skills to my technical abilities

Certificates

Java (Basic) Certificate 

Certificate from HackerRank

Frontend Development With

React 

Certificate from CreativeIT

Declaration

No formal work experience yet, but actively leading group projects and technical teams in university assignments.
